

BUSINESS TELEPHONE SYSTEMS

COMMUNICATIONS SOLUTIONS • NETWORK CABLING

Image Electronics has been providing the highest level of telephone service and technology for 23 years to Tulsa and Northeast Oklahoma's growing businesses.

An authorized Ericsson-LG and Vertical dealer, we have the tools and knowledge to meet all your business communications needs.

Our VoIP and digital systems provide the latest in telecommunications technology:

- VoIP and standard digital telephony
- Multi-tenant building phone systems
- Telecom networking
- Voice mail and voice mail to email
- Internet telephone system extension
- Hosted PBX

We also provide the following solutions:

- Phone and data cabling
- WiFi networks
- Intercom/paging systems
- Commercial A/V
- DVR camera systems

Image Electronics places a very high priority on customer service. We answer the phone promptly and respond to your needs with minimal delay.

Non-profit organization discounts available.
